# VARSITY GIRLS VOLLEYBALL

# A FAREWELL TO OUR VB SENIORS!

Here are our four hard working seniors who fought their way to the top for their final year. Tessa (left), Jesika (mid-left), Brittney (mid-right), and Amber (right) pushed our team forward to win the district championship!

My senior year was amazing and I couldn't have asked for a better season! (18-1)

There are so many words to describe the best season ever but the one that fits is **SPECTACULAR!**

"I couldn't have had more fun this season, these girls are so amazing. I'm just sad its our last."

This season has been the best thanks to our incredible coach, Ms. Little, and my very talented teammates. We don't regret anything!

Here is Tessa (#7) showing her jumping skills with Brittney (#11) ready to back her up.

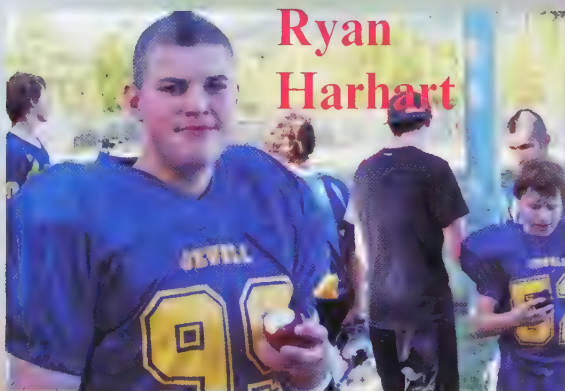

This is Amber (#14) slamming the ball after Jesika (#3) set her up, and Sophie (#8) is ready if Amber wasn't there

 Jewell girls

Hands-down, the highlight of my high school sports career. It was a goal for all of the girls on the team every year, just to go there once. It was devastating missing the chance my freshman year, and the years following were even harder and less realistic. But this year everyone on the team had a universal feeling. We all had a feeling of unity, hard work, and the intense desire to make it there. Making it to Baker City almost gave me a sense of relief. This was not only a goal, but also a dream. To achieve that dream was such an accomplishment. It was a feeling of "Aaahh....finally." The time had finally come for us to go; I felt like this was where we were supposed to be. The instances leading up to Baker were probably even more emotional than being there. The journey was the greatest part. Each game we won felt right. For some reason I never had a feeling that we weren't going to go to Baker; in tight games I had a combination of a sense of intensity and calm, I was never scared we were going to lose. The Portland Waldorf playoff game was the most intense game I've ever played in my life, but with all that emotion, being scared that we were going to lose was not there. Baker City is the cherry on top of my senior season, and I wouldn't have asked for the season to be any other way. My team worked hard and worked together to get there, and the reward was as sweet as could be. Not to mention it was my birthday during the state tournament!

-Jesika Kaczinski, # 21

Baker City was one of the best experiences I had in my entire high school career. The experience of playing in many of the big games throughout the year leading up to was also amazing. The court at the state games was so intimidating but the best feeling when you had a big play. I am so proud of the way we played as a team.

-Amber Meier, #14

Baker City was one of my best memories! I will never forget playing on the court in a state playoff game. The last game of my life, I scored a 3 pointer, two free-throws and a 2 pointer. It was the best feeling! During that week, we created memories that will carry with me for the rest of my life. I am so proud of my team.
